

The top section of the cover features the Allen logo in white on a black background with a halftone pattern. Below the logo is a red horizontal band. The middle section is a dark grey band with the text '2015 PRODUCT CATALOG' in white. The bottom section is a red band with a collage of outdoor gear and a person, overlaid with the text '45 YEARS Proudly Serving the Outdoors Since 1970'.

# ALLEN™

## 2015 PRODUCT CATALOG

**45 YEARS**  
*Proudly Serving  
the Outdoors  
Since 1970*

For 45 years, Allen® Company has been committed to making the outdoor experience the best it can be. Our lineup of top quality products targeting the needs of the outdoor enthusiast; whether the activity be hunting, fishing, shooting, or just outdoor leisure, our goal is 100% customer satisfaction each and every day. We stand behind every one of our products, and are proud to have over-delivered the expectations of our customers since 1970. We look forward to growing with you for the next 45.

Since the beginning we have been a proud maker of Made in USA products. Over the years we have expanded to manufacturing many of our Made in USA products across several other US locations creating more American Jobs. We are proud to be the largest maker of hunting, fishing, and outdoor products in the US and will continue to expand our production capabilities here as well as abroad. Due to the demands of our customers and consumers we continue to source globally as well, but our lineup is endless of Made in USA products and is still a key ingredient in our heritage.

**As the leading supplier of gun cases to the outdoor hunting and shooting consumer,** our team's focus to quality, innovation, and performance is driven by satisfying the demands and expectations of our customers. Our entire line of top quality feature rich gun cases are constructed of performance fabrics, premium padding, self-healing nylon zippers, with the avid outdoor enthusiast in mind. The Allen family of cases is designed to protect all firearms; whether it be the challenges of the outdoors, the transportation to and from the field, or just storage of a fine family heirloom.

GUN SIZING BASED ON BARREL LENGTH

# AUTO-FIT

Our Patent Pending AUTO-FIT design was created to contour around the shape of most semi-auto handguns while optimizing space with little to no excess. This allows one size case to fit most of the semi-auto handguns being sold today as well as many revolvers. One size case allows retailers to carry more color options that can appeal to a broader range of customers.

## TWO-POCKET

**SPECIAL LEATHER** When it comes to leather slings, Allen's commitment to quality, innovation and value are second to none. Comprised of 100% Italian made drum dyed leather, each sling is tough, yet smooth and elegant to the touch. Absolutely no man-made materials are used in making the leather. Our Green Tanning process uses less chemicals, less energy consumption and over 50% less water consumption than other processes.

**8220 ♦ 4 PK ♦ 026509082200**

## HARDLINE

**The Hardline Shooter's bag** is designed to carry ammo and all the shooting accessories needed for a trip to the range. The rigid sides and bottom and foam padded tubular steel handle create a solid "Hardline" frame that won't fold under pressure. Two large external pockets at each end are designed to carry hearing protecting muffs, binoculars, etc. The front center pocket holds tools, ear plugs, gloves etc. The large rear pocket holds most single gun cleaning kits. Internal organization includes a pocket for shooting glasses, a pocket to hold a cased handgun, three magazine pouches designed to hold either one magazine for M4 rifles or two handgun magazines. The lid has two hook and loop straps for holding rolled paper targets or a spotting scope tripod. The lid folds completely back when opened and can be fully removed if necessary.

### ELIMINATOR RANGE BAG WITH MOLDED COMPONENTS

**Large** shooting bag with semi-rigid lid ♦ **Folding pistol rug** included ♦ Four molded exterior pockets ♦ Internal hook and loop organizer dividers ♦ **Organizer** pocket in lid ♦ Shoulder strap with sliding pad

## OUR STORY

We are proud to have co-developed the Smith & Wesson product line for the 3rd year in a row, to meet the needs of serious shooters and law enforcement. The designs are functional, and the components are intended to withstand heavy use. We used extra rugged Endura fabric for the gun cases and shooting bags. We increased the specification of our rugged Endura fabric pack fabric by 25% for the packs. As we develop future products we will continue to consult serious users and military and police departments to make sure we are developing products that meet the expectations of performance that hardcore users demand.

**Allen's Backcountry Game Bags** are second to none in providing the best protection for your game. This uniquely fabricated material provides ultimate breathability and improved strength and performance when compared to other game bags in the market. It has superior moisture wicking properties which is necessary for protecting your meat. No rubber bands or tying needed as each quarter bag is equipped with a draw string closure for added security. Each bag is delicate enough to hold a cape yet strong enough to hold horns or antlers.

**BACKCOUNTRY FULL BODY CARCASS BAG: 48IN X 96IN**

1 full body carcass bag ♦ Recommended for Elk and Caribou ♦ Drawstring closure for added security  
**6585 ♦ 6 PK ♦ 026509065852**

678 ♦ 6 PK ♦ 026509006787

### NOCKS AND INSERTS

6 aluminum inserts • Sized to fit most carbon arrows

68425 ♦ 6 PK ♦ 026509684251

All Allen® steel field points are made to AMO standards for thread size, weight, and dimensions with precision machined points, and a durable finish for dependable performance.

# Fat Belly BULLET POINTS (6/PK)

INTEGRATED O-RING  
SYSTEM TO SECURE  
FIELD POINT TO  
ARROW INSERT

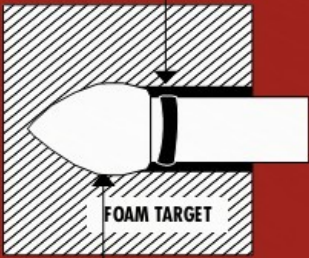

Fat Belly Bullet Points are 3D target ready. Upon contact with foam targets, Fat Belly Bullet Points tapered shape creates a larger diameter impact channel than the arrow shaft making them easier to remove than standard bullet points. Designed with Allen's Stay-Tight O-ring, which keeps points from vibrating loose, Fat Belly Bullet Points are a must have for any archer.

## FAT BELLY SHAPE: THE STAY-TIGHT FEATURE

Integrated O-ring grips the arrow insert and prevents the bullet tip from shaking loose.

Tip center is wider than arrow shaft making removal easy.

Item#1490

# Stay-Tight BULLET POINTS (6/PK)

Built in O-ring system that keeps the point fully threaded into the arrow shaft by preventing it from vibrating loose. Great for today's high performance bows. This shape works well to slow the arrow in a foam target. The shape helps to limit target pass through.

# BULLET POINTS (12/PK)

Originally designed for use in cardboard targets and foam targets. This shape works well to slow the arrow in a foam target. The shape helps to limit target pass through. Good for use with fast bows that create lots of energy. It creates less wear on foam targets than field points.

**After testing hundreds of cases,** we incorporated everything we found into what we consider one of the best smart phone cases on the market today! The silicone inner layer is precision molded providing a perfect fit and surrounding the phone with the ultimate layer of shock absorbing materials. The 2 piece snap fit outer layer is made from industrial grade poly carbonate similar to the material which makes bullet-proof glass. For the ultimate in high quality protection, sleek good looks and cutting edge technology trust the Allen cell phone case.
